

Baby's First Year Wall Panel

From Thoughtful Impressions Photography

Your Baby's First Year

Congratulations on your new addition!

No other year in your child's life has as many changes as their 1st year. The first smile, the first laugh, their first words. Learning to sit, then crawl, then walk. Let's not forget those first teeth! It is a year of big change.

To help you remember these precious moments, we have put together a special package containing a 10" x 20" plaque mounted collage featuring 4 images from your child's first year. These plaques are 3/8" thick fiber boards with the image laminated and UV coated onto the board with a tasteful black or white edge. They come ready to hang with a convenient slot cut into the back.

The sessions for your child's images are generally taken at either Newborn, 4, 8 & 12 months or 3, 6, 9 & 12 months - you choose. We will have 4 in-studio sessions of about 30 - 60 minutes each. We schedule lots of time around these sessions as we are on Baby's schedule. We will capture various images at each session and provide you with
