Boudoir sessions are my personal favourite as they are honestly the most challenging type of photography to do, yet also the most rewarding! These sessions are often done in studio, but they are also ideally done on location in either a bedroom or hotel room. Plan on at least 3 clothing changes, with 4-5 preferred.

Everyone is nervous in front of the camera at first. I will direct you, and capture images from the most flattering angles - within a few minutes you will be relaxed. Together we will create images for you that will remind you how sexy you are and are guaranteed to take his breath away all over again!

At the pre session consult, we will discuss what style you prefer, whether it is classic, contemporary, or my edgier Paris style session and we will plan your session accordingly.

A non-refundable deposit of \$50 is due in order to book the session, with the balance due on the day of the session before any work starts. I gladly accept visa, mastercard, email money transfer & cash.

13% HST added to all prices.
